

2022 Atwell Youth Awards

Special Challenge: Sustainable Living

For many years, we've included a special challenge - We asked you to consider 'Sustainability' in your responses to the theme, by using recycled materials.

This year, we're bringing this challenge up to date, to focus on 'Sustainable Living'.

In your response, you might consider ways that we can care for and live in harmony with our planet/environment, and lifestyles that don't create the waste in the first place.

Essential Criteria: Type your Artist Statement (up to 100 words) on our [Artist Statement Form](#).

Can you create an artwork which suits our 'Sustainable Living' message?

SUSTAINABILITY focuses on meeting the needs of the present without compromising the ability of future generations to meet their needs.

SUSTAINABILITY ART is art in harmony. It's conceptual art with a message we can't ignore!
